

The Process of Fused Bamboo

dassoXTR dassoCTECH for Exterior Use

Through its patented "heat treatment" technology, dasso processes bamboo into dassoXTR for exterior use in classic "Espresso" color ; With the application of Ceramix Technology, dassoCTECH exterior materials have wonderful performance outdoor while retaining the original color - Cognac. Both dassoXTR and dassoCTECH can be processed into decking, cladding, soffit, fence, lumber and panel, which are widely used in commercial and residential projects.

Benefits

Environment Friendly

Mould Resistance

Fire Resistance

Termite Resistance

Hard & Durable

Stable & Precise

About dasso

Dasso group, founded in 1993, is the global leader and innovator of the bamboo industry. With the history of manufacturing bamboo, now dasso has 8 manufacturing facilities and over 1000 employees, in addition to owning over 2,700 acres of productive, sustainable bamboo forest in China.
